

# GREAT JAWS OF MACKENSEN'S ARMIES CRUSHING TOGETHER ON ROUMANIANS

## Forces of the Central Powers Approaching From Both Sides.

## Petrograd Admits Loss of Strongholds.

## Germans Admit French Success at Verdun.

The process of closing in on Roumania from both sides is being continued by the armies of the Central Powers.

Tchernavoda, on the Danube, and the Vulcan Pass, on the Transylvanian border, have been captured.

The loss of Tchernavoda is conceded by Petrograd, which announced the evacuation of this important town, from which stretches the only bridge across the Danube from Dobrudja, carrying a railway line running into interior Roumania.

Important Entente forces evidently remain on the Dobrudja side of the Danube, as Petrograd mentions the continued retreat of Russo-Roumanian troops northward along the Black Sea coast.

The Austro-German success on the north likewise is important, as opening another route into Roumania from Transylvania.

This pass enters the Transylvanian Alps half way between the Iron gate of the Danube and Rothernath Pass, below Hermannstadt.

Petrograd announces a success for the Russians near Dorna Watra, close to the junction of the frontiers of Bukovina, Hungary and Roumania, where the Austro-German forces have been driven from a series of heights.

## Berlin Admits

(Associated Press Cable.)  
London, October 25.—Reporting on the French advance at Verdun, Berlin says the attack gained ground as far as Fort Douaumont, which was in flames, and that the fighting was continuing.  
German submarine attacks on Norwegian shipping continues today, with five additional Norwegian vessels reported sunk.

## PARIS ANNOUNCES VERDUN SUCCESS

(Associated Press Cable.)  
London, October 25.—The French have maintained the important ground they won yesterday in their coup north of Verdun, the War Office announced today.

Last night part of the regained territory, which includes Fort Douaumont and stretches along a front of more than four miles, at points nearly two miles inside the former German lines, were subjected to a German counter attack.

The French held their ground,

however, according to Paris, repulsing the German assault. The commander at Fort Douaumont is among the prisoners taken by the French, which a preliminary report placed at 3,500 men.

Fort Vaux still is in German hands, but the French lines run beyond it on both sides.

Rain is interfering with operations on the Somme front. Only artillery actions are reported there today.

Today's French official report announces an important military move in the Balkans, where Italian cavalry from southern Albania has formed a junction with cavalry and artillery from the Entente front in Macedonia.

This gives the Entente an unbroken front of 250 miles across the southern Balkan peninsula.

Berlin military critics point to the capture of Predeal, reported yesterday, as marking the loss by the Roumanians of the natural mountainous defenses on their Transylvanian frontier.

This success of the Teutonic force it is commented, puts them nearly in a position to move down the Roumanian plain toward Bucharest, while Field Marshal von Mackensen in Dobrudja, is pressing closely upon Tchernavoda, on the Danube, the gateway into interior Roumania from the southeast.

Total casualties in the Russian army since June 1 are placed at 1,797,522 in figures given out today by a semi-official news agency in Berlin, declared to have been taken from the latest reports of the Russian Central Identification Bureau, at Kiev.

## CANADA STRIKE DECLARED OFF

## Canadian Pacific Trainmen Will Stick on Job.

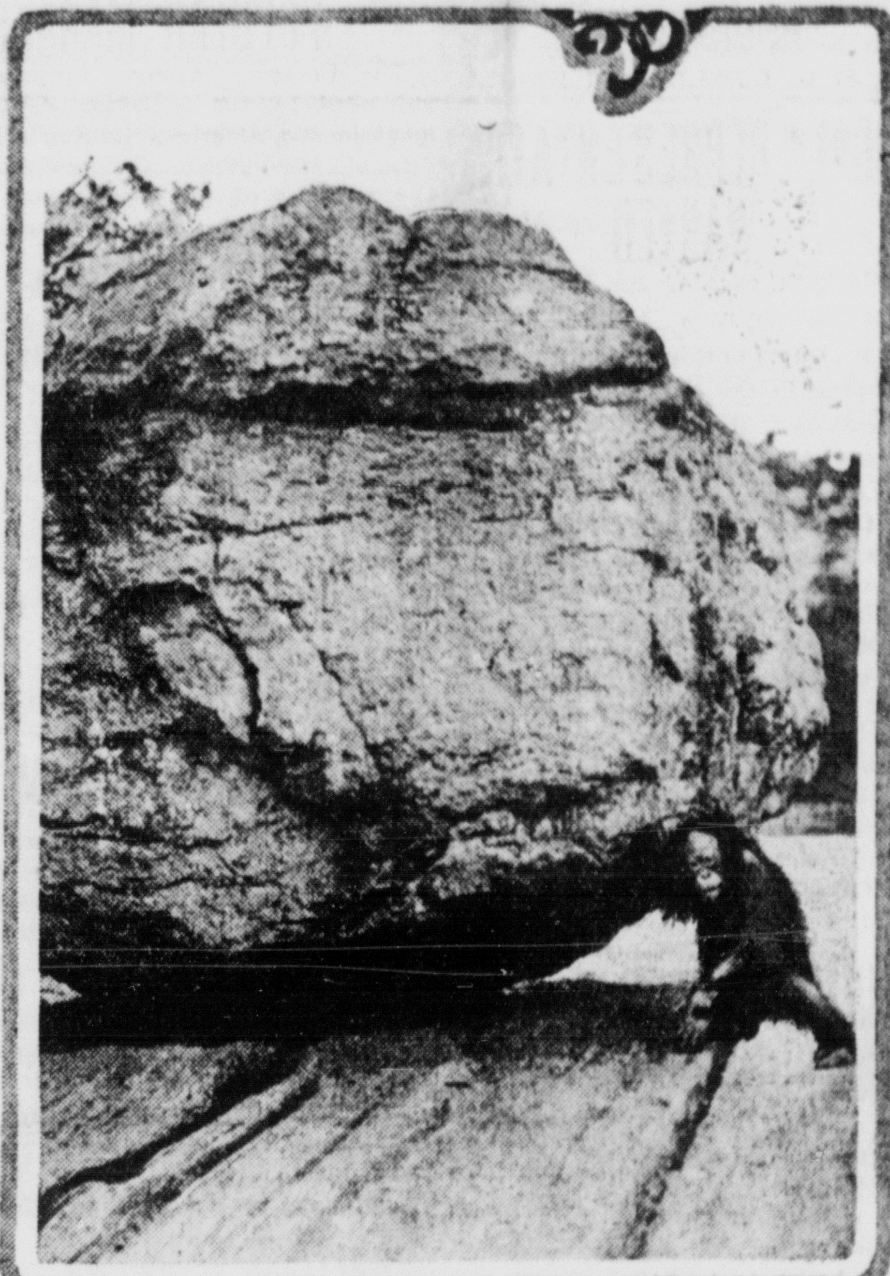

By Associated Press Dispatch.  
Winnipeg, Canada, October 25.—The threatened strike of conductors and trainmen of the Canadian Pacific Railway ordered for tonight has been called off, it was officially announced here this afternoon, following a conference between representatives of the employees and officials of the road.

Especial efforts were made by the Canadian Government to forestall the strike, which would have tied up the line extending from the Atlantic to the Pacific, and which would have offered serious trouble in the shipment of munitions of war, as well as foodstuffs.

## BETTING SHIFTS

By Associated Press Dispatch.  
Columbus, Ohio, October 25.—Political betting has shifted so that today \$20,000 has been offered in this city on Wilson and \$9000 on Hughes. All of the Hughes money has been taken.

## "Toto the Monk" Has an Ambition; Wants to Move the Rocking Stone

TOTO THINKS HE CAN MOVE THE ROCKING STONE

The funny little "monk" in the picture is unlike many humans; he has an aim in life. He wants to live long enough to move the rocking stone in Bronx park, New York city. He has seen his dressed up cousins rock the extraordinary geological curiosity, the rock which is so well balanced that a man's hand can stir its giant bulk. "What man can do monkey can try," is Orang Utan Toto's motto. So on fine days his keeper takes him out and he tries to shove the rock. So far he hasn't succeeded, but Toto is ambitious and some day he'll lean against the stone in just the right way.

## FLOUR JUMPS

By Associated Press Dispatch.  
Chicago, October 25.—The wholesale price of high grade family flour was advanced to \$10 a barrel today, the highest price since the Civil War. This is an increase of 30 cents within two days.

## BIG BATTLE IMMINENT AT CHIHUAHUA

## Commandant Warns Residents to Flee for Safety.

By Associated Press Dispatch.  
San Antonio, Texas, October 25.—General Jacinto Trevino, commandant of the Chihuahua garrison, has issued a warning to residents to leave the city according to a report that reached army headquarters today from General Bell, at El Paso.  
General Bell said Mrs. Trevino was among the many refugees who have arrived at El Paso from Chihuahua.

## BAG REPORTS

Although the report did not tell of the progress of the Villa attack on Chihuahua, persons who reached the border told army officers that campfires of the attacking force could be seen plainly from the city.

The report contained a detailed account of the crushing defeat received several days ago near Palomas by Carranza troops under General Ozuna at the hands of Villa's men.

As set forth in the message, a force of about 200 opposed Ozuna's advance, and retreated before him, leading his army into a canon.

For nearly two miles the sides of this canon were lined with hidden Villa men who, at a given signal, began a steady fire into the ranks of the Carranza soldiers.

Another force, said the report, made an attack from the rear, securing control of the railroad and capturing all of Ozuna's supply trains.

## WHEAT MAKES A BIG JUMP

## Five Cents Advance Recorded at the Opening of the Market.

By Associated Press Dispatch.  
Chicago, October 25.—Great upward swings in the wheat market carried prices more than five cents a bushel above yesterday's closing.

The December delivery quickly touched \$1.83 1/4 today, as against \$1.78 1/2 to \$1.78 3/4 at the finish yesterday. May delivery touched \$1.84 1/4.

Buying, which was on an immense scale, received its chief impetus from reports that the drought damage in Argentina had assumed the proportions of a disaster and was continuing to grow worse.

## DROPS LATER

After nearly four months of rising prices, based on a world's shortage due to the European war and to extraordinary crop damage in Argentina, Canada and the United States, the wheat market today capped the climax with a jump of about seven cents a bushel.

Foreigners however, retaliated by a swing to the selling side, and the greater part of today's gain vanished.

The market closed with December at \$1.80 to \$1.80 1/2 and May at \$1.80 1/2 to \$1.80 3/4.

## COTTON TOUCHES HIGHEST RECORD

By Associated Press Dispatch.  
New York, October 25.—Cotton in the future market today sold above 26 cents a pound, the May option rising 22 points, to \$20.01, the highest price it has touched since the Civil War.

## DOWN AGAIN

By Associated Press Dispatch.  
New York, October 25.—A sensational break in the cotton market today carried prices down \$4.50 a bale, after an early advance to above the 26 cent level.

## HIGH COST HITS SHIP BUILDING

## Government Faces High Prices in Ship Construction Program.

By Associated Press Dispatch.  
Washington, October 25.—When bids for the construction of four new battleships and twenty destroyers for the United States Navy were opened today, it was disclosed that the Government faces the soaring prices of materials.

This is the largest single order ever placed by the Navy Department. Although the Government had allowed \$3,000,000 more for each battleship than it did last year, and had set a maximum of \$11,500,000 for hull and machinery on each ship, the bidding ran close to the margin.

A number of the largest ship-building companies in the country sent bids; and as all of them are within the limit set, it is probable that all ships will be built by private yards unless it is deemed expedient to have the Government yards do the work, which is considered improbable.

In the bidding for the destroyers which are to have a speed of 35 knots an hour, and are to have 27,000 horse power, companies from both coasts bid and all estimates were between \$1,100,000 and \$1,500,000.

The letting of contracts will not be made until naval experts review all bids carefully.

## MARRIES PRINCE OF OLD ITALY

## Daughter of Former Ambassador to Italy Weds Foreigner.

By Associated Press Dispatch.  
Washington, October 25.—Margaret Preston Draper, daughter of the late General William F. Draper, Ambassador to Italy in President McKinley's administration, was married here today to Prince Andrea Boncompagni, of Rome.

Cardinal Gibbons officiated in a chapel which had been converted from the ballroom of the Draper home, in accordance with a privilege granted to the Boncompagni family, which has given two popes to the Roman Catholic Church.

A noble company, including foreign ambassadors and American diplomats was present.

PAROLE OFFICER TAKES MAN BACK

Parole officer William Christy, of Chicago, representing the Joliet Penitentiary, arrived in this city Tuesday afternoon to escort Silas Bender back to the Joliet Penitentiary as a parole violator. Bender, aged 26, surrendered himself to Sheriff Jones in order that he might be returned to the prison and get a clean card so that he might start over again. Christy, who claimed to have about 300 paroled men under his eye, stated that in all probability Bender would be dealt with very lightly. Christy stated that he believed in kindness toward the unfortunate men, but regardless of the fact that Bender had surrendered himself and asked to be taken back, as well as going without the formality of requisition papers, Christy manacled him, forced him to carry his handbag, and displayed a cruel disposition toward the man while at the Union Station.

MEMOIR.

Willie Dowler, son of Auty Ora and Mollie Dowler, was born August 31, 1902, near this city on a farm. Nearly his entire life was spent here in Millwood. He attended the Millwood and Cherry Hill schools until last month when he entered our local High School. He united with the Christian Church about three years ago. Obeying Jesus' invitation "Suffer Little Children to come unto me and forbid them not for of such is the kingdom of God." He met his tragic death by a gun shot, Oct. 21, 1916, at this time being 14 years, 1 month and 20 days of age. He was always a kind and obedient boy both at home and in school beloved by all his playmates and teachers and we think not an enemy in the world. While his death came so suddenly and with a shock to his home and neighborhood there is no blame attached to any one its being purely an unavoidable accident. How graciously does God's word apply to this family and friends. "Let not your heart be troubled; ye believe in God, believe also in me. In my father's house are many mansions; it is not so, I would have told you. I go to prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also." Today Willie is in the house with many mansions, happy, rejoicing and praising God. Jesus tells plainly that he is the way, the truth, and the life. Willie Dowler chose that way and today we should rejoice and not be sad only for his absence from us, for he is at rest.

One of life's tragedies has entered this home—a home filled with God's most priceless gifts—children, with never one too many. Willie, the eldest son was taken, was called from earth to heaven. Again we remember that God so loved the world, that he gave his only begotten son, that whosoever believeth in him should not perish, but have everlasting life. Willie now enjoys that life. He is gone where there will be no more sorrow neither will there be any more pain. He can not return to us but ew may go to him where there will never be any more parting nor any more good-byes.

CARD OF THANKS.

We the undersigned desire to extend our heart felt thanks to our many friends and neighbors for their kind assistance and sympathy during the sad bereavement of our beloved son and brother Willie, also for the beautiful floral offerings and for the beautiful singing by the music teacher and members of the Senior High School Class, also to Rev. Groves for the impressive services rendered and to undertaker Mr. McCoy for his skilled handling of such occasions. We also want to especially thank Mr. Dave Sutherland and Mr. Maring Myers for their heroic effort to save his life. A. O. DOWLER AND FAMILY.

OLD MAN WINTER BACK ONCE MORE

"Old Man Winter," as he is becoming to be known in this city, is back again. Winter, alias Green, is 83 years of age, and has been before the mayor several times because of complaints made against him by restaurant men and others where he obtained meals and failed to pay. A short time ago he was sent to Chillicothe, where it was understood he had come from, but the Chillicothe officials evidently hurried him back to this city. He was locked up over Tuesday night, and will probably be sent to the county infirmary. He has told a number of different stories, about daughters or sisters residing in adjoining towns or California. It is believed he has no relatives, and his advanced years make it necessary for attention at the hands of the proper officials to commit him to the infirmary.

GEORGE BRYAN POPULAR MANAGER

The October "Armco Bulletin," published by the operating department of the American Rolling Mills Co., of Middletown, O., announced the opening of the new home for Armco men who have no domestic ties in Middletown. It is located on the corner of Yankee Road and Young street, in the center of what will be one of Middletown's most beautiful little parks. The attractive hostelry will be under the direct management of Mr. George Bryan, formerly of this city, who is meeting with decided success in his new line of work, and is extremely popular with the Armco men.

COACH CUT TIES FOR FULLY A MILE

While running down grade at the rate of 60 miles an hour, Tuesday, a Pennsylvania passenger train, pulled by two engines, narrowly escaped being piled in the ditch when a coach was derailed and dragged over the ties for a mile before the train could be brought to a stop. The ties were badly cut throughout the entire distance, but no further damage resulted. The mishap occurred west of S. Charleston.

MAGNATES THERE

(By American Press) Pittsburgh, Oct. 25.—A radical revision of the national baseball commission is proposed in a long statement issued by President Dreyfuss of the Pittsburgh Baseball Club. Mr. Dreyfuss' plan would take commission control out of the hands of the big leaguers. The Pirate mogul would do away with the present system altogether and install not only a new chairman, but an entire new commission of three competent and respectable men having no connection whatsoever with any branch of baseball. He would have the term of one member expire each year, so as to create one vacancy annually, and he would have all the members elected by a joint vote of the sixteen major league clubs.

DR. FREDERICK BLANKNER, THE SPECIALIST, QUARANTINED AT ALICE INN, 225 MAIN STREET, WILMINGTON.

It will be remembered that the Doctor was here with us for several weeks before going to Wilmington. When he went to Wilmington he only expected to remain for a week, but his work soon became known and it inoculated the entire as well as the surrounding counties. The doctor wanted to go but was quarantined by the people as they all claimed that never before have they been inoculated with such a high quality of professional service. Yes good work does become infectious. There is no one immune all want the man that does something. People have come with all kinds of ailments to meet the doctor in a heart to heart talk and all are more than satisfied. Just think of it. During the past weeks that Doctor has been in Wilmington he has extracted nearly 3000 teeth. The doctors and dentists have sent him many patients, and endorse his work along the line of extracting teeth without pain as being the most scientific of accomplishments of any one that has ever visited Wilmington. There will be many people coming down to the great Festival that will be in full force this week and which promises to be the greatest ever held as all are taking a thorough interest in it. Every thing that is calculated to add to the pleasure of people has received the most careful attention. Now while here if afflicted in any way, and you desire to regain your health, or if you have a lot of diseased teeth that you wish extracted without pain you will be serving your-self wisely to make a little journey to the Alice Inn, No. 225, W. Main St. where the doctor will be pleased to serve you with the highest order of skill and judgment as well as with the very best of results. Enough said, Until Tuesday, October 31., when the doctor will go to Hillsboro to which place he has been induced to visit. advt.

Nearing the End

The campaign of 1916 is entering upon the closing days and it behoves every voter to sit steady in the boat while the campaign managers indulge in the wild scramble which always comes at the wind-up.

Voters may expect to be showered with all sorts of wild charges and regaled with all manner of extravagant claims. Experience has taught us, however, that the clear thinking American electorate is not usually swayed by last hour appeals and statements. Nearly every voter in the United States has had his mind made up for some time as to just how he was going to cast his ballot two weeks hence.

A few, but not many elections have been won by last hour efforts and it is exceedingly unlikely, notwithstanding there will be a great deal of noise in the last days that the tide already running will be turned or that the verdict already reached and which needs only recording will be changed by the great jury of American voters.

The Rise in Wheat

What made another sensational rise in price on the Tuesday market when more than one dollar and seventy-eight cents a bushel was offered for December and May wheat.

Three quarters of the journey from one dollar wheat, only a few short years ago the farmers' dream, to two dollar has already been traveled and the first of November is not yet here.

Abundance of money available to the people, shortage of wheat in the United States, the commandeering of the Canadian crop by the British government, the prevalence of drouth in Argentina and the failure of the allied armies to unlock the gates of the Dardanelles which keeps Russia's wheat from reaching the markets of the world, are some of the announced reasons for the record high price of wheat. No doubt all these causes have contributed to bring about the present prices, but the first mentioned, an abundance of money, perhaps has exercised the greatest influence.

Chicago does not "go wild" any more when wheat makes a phenomenal rise as it did in the days of "old Hutch" and Joe Leiter. Present rises in price are not surprising. Nowadays there is a reason and the advance can be foreseen. Familiar with conditions and knowing that supply and demand laws control people accept the big advances as they come along much as the Irishman did when he saw Niagara Falls and asked by his enthusiastic companion if he didn't think it was wonderful to see that tremendous body of water pouring over the precipice, replied—"Well, what's to prevent it?"

"That Reminds Us."

Out near Johnson's Crossing Monday morning a fine Polled Angus bull was struck by an east bound Pennsylvania passenger train and killed. As a matter of fact that was a tragedy for the animal, and a big financial loss to his owner, but the result of the collision was not so bad as if the train had been wrecked and human beings killed.

The occurrence, however, reminds us of that old old story so often told in political campaigns especially of that fine old buffalo long the monarch of the plains, when he saw a railroad train approaching for the first (and for him the last) time.

Leaving the admiring herd behind the old warrior strode forth to do battle with the stranger. Taking up his position on the track with lowered head, disregarding the warning whistle of the onrushing locomotive he gave battle. After the crash and the train was halted, the engineer looking at the remains observed that he admired the old fellow's nerve but he could not say as much for his judgment.

No doubt the splendid animal which undertook to hold up the Pennsylvania train Monday morning had the same faulty viewpoint.

An Expert Coming

Mr. A. Gordon McIntyre, known to be a Canadian and reputed to be an expert on the use of newspaper has been employed by the American Newspaper Publishers' Association to come to the United States and give the big newspapermen some lessons in how to conserve their supply of newspaper.

Well, Mr. Gordon McIntyre certainly will have a bunch of students who are badly in need of instruction. Of course our distinguished visitor is to talk about the blank paper and not the finished article.

American publishers have been prodigal in the use of newspaper and much of the present suffering which, by the way, does not fall upon the ones most guilty, could have been avoided if there had been less reckless waste.

The smaller publishers throughout the land whose very business existence is threatened by the tremendous advance in price of newspaper, hope that Mr. McIntyre is able to suggest a change that the big publishers will listen to him when he comes and then follow his advice.

Something not only should be done but something must be done and that soon if newspaper is to be available to the publishers generally.

Poetry For Today

YOU CAN BACK THIS TO LIMIT.  
You can back this to the limit what you are in life today  
is the sum of goals you've tried for  
as you've journeyed on your way  
And the fortune and the glory that  
may be in store for you  
You may only claim and gather by  
the things that you try to do.

Sitting down and fearing failure  
never got man anywhere.  
Roads that yesterday were quagmires  
men today in comfort fare.  
The "impossible" is only what we  
haven't learned to do.  
But somebody is going to try it, and  
some day he'll do it too.

It's the man who tries who conquers  
not the timid soul and frail.  
The successes are the fellows who  
were not afraid to fail;  
You can back this to the limit, that  
young man will never rise  
Who looks for problems easy, and  
the hard ones never tries.

FIRED UPON U. S. TROOPS

Two American Officers Killed In Santo Domingo.

Santo Domingo, Oct. 25.—In an engagement between American troops and rebel forces General Ramon Batista was killed. Several Americans also are reported killed, including two officers, and one American officer was wounded.

The names of the American officers killed are given as Captains William Low and Atwood, Lieutenant Morrison was wounded.

The American commander attempted to arrest General Batista, who resisted and ordered an attack on the American forces. Fighting continued for a considerable time, but the rebels were eventually defeated.

The engagement took place opposite Santo Domingo city and caused some what of a panic in the capital. Reinforcements were sent there to aid American troops in maintaining order. The number of killed and wounded in the fight is at present not known.

A revolt occurred in the Dominican army several weeks ago, but American marines and bluejackets soon had control of the situation. They were reinforced with American troops from Port-au-Prince, Haiti.

MORE MONEY WANTED

(By American Press)

New York, Oct. 25.—Great Britain will borrow \$300,000,000 more in the United States, according to information in Wall street. Details of the loan were discussed in the banking house of Morgan, and it is understood only a few finishing touches are required before formal announcement is made. American securities will be offered as collateral. With this new loan, the allies' loans here will exceed over \$1,000,000,000.

HE LIKES IT

(By American Press)

Denver, Colo., Oct. 25.—Pleas for universal military training and criticism of President Wilson for "debauchery of the civil service" characterized the address here by Colonel Theodore Roosevelt, the principal one of a trio of speeches made in the course of his one day stay in Denver. Colonel Roosevelt urged that compulsory training would redound to the benefit of the nation by increasing democracy, developing American youth physically and mentally and aiding the country's social and industrial development. His criticism of President Wilson included a declaration that the executive changed offices for political support.

Colonel Roosevelt advocated repeal of the Hay military bill and the restoration of the militia to its former status. He cited Switzerland's development as an instance of what compulsory military training would do in developing a country physically, mentally and morally.

# C. H. & D. WILL USE TELEPHONE

All Train Dispatching on Wellston Division to Be Done By Phone After Nov. 15—Most of the Phones Installed.

Beginning November 15th all train dispatching will be done on the Wellston Division of the C. H. & D. railroad by use of the telephone and a force of men is now at work installing the phones between this city and Chillicothe.

The service has been installed between Dayton and this city, but will not be in active use until the 15th of next month. One phone is located at the Union Station and one at the freight office in this city. One phone will be placed at each regular station and siding, or wherever trains have been in the habit of stopping, so that all that is necessary for a conductor to do to get direct instructions from the train dispatcher is to open the telephone box, lift the receiver and talk with the train dispatcher.

By use of the telephone much time is saved and better results can be obtained.

Just as soon as the entire service is installed on the Wellston division it will be placed in active use.

## COL. E. E. WOOD ANSWERS LAST CALL

Mr. W. W. Millikan received Wednesday morning the sad intelligence of the death of his brother-in-law, Col. E. E. Wood, at Mr. Wood's home in Avondale, Wednesday morning.

Col. Wood is well known in this city, where he has a number of friends and acquaintances as well as relatives. He was one of the prominent lawyers of Cincinnati, but for some years ill health has prevented active business life.

He is survived by a widow, one son, W. R. Wood, and one grandson, Edmund.

Funeral services will be held at the Avondale residence Friday afternoon.

## DEATH FOLLOWS LONG ILLNESS

After a lingering illness which sapped vitality and forbade all hope during the last week of critical illness, Miss Mame R. Adams, youngest daughter of the late Trustin Adams, and belonging to one of the well known families of the county, quietly answered the eternal summons at nine o'clock Tuesday evening, at the homestead on Washington avenue.

Miss Adams' death brings genuine sorrow to many friends outside of the home circle, where she will be so greatly missed. She was one of those gentle women, lovely in character and sympathetic in nature, who knew only friends and it was her earnest effort to discharge whatever duties came to her in a busy and useful life capably. She was especially active in the work of Grace M. E. church and of its

Home Missionary Society, being for some years one of the district officers.

The deceased leaves one brother, Mr. W. B. Adams, of Greenfield, three sisters, Miss Augusta Adams and Miss Anna Miller at home, and Mrs. M. M. Fisher, of Mishawaka, Ind., and a number of nieces and nephews.

Funeral services will be held Friday morning at 10 o'clock at the residence. Burial will be made in the family lot of the Washington cemetery.

## ELIZABETH LINDSAY DIES AT AGE OF 97

Mrs. Elizabeth Lindsay, mother of T. J. Lindsay and Mrs. Etta Price, recently passed away at the Madison, (O.) home for mothers and widows of soldiers, at the advanced age of 97 years, death being due to cancer.

Mrs. Lindsay was the oldest woman of the Madison home, and went there from this city in 1908. Temporary interment was made at Madison, but the remains will be brought to this county for burial.

Mrs. Price was with her mother when the end came.

## WIGGINTON FUNERAL HELD IN COLUMBUS

The remains of William Wigginton, barber, who met death while riding a freight train on the D. T. & L. Monday night, were accompanied to Columbus by his brother, Jonas, of this place, where funeral services were held Wednesday afternoon.

Funeral services were conducted at the undertaking rooms of H. G. Steickley, 93 Cleveland Avenue. In addition to relatives from this city attending the funeral, two sisters, Miss Bertha Wigginton and Mrs. Lulu Crane, of Columbus, were present.

## DEATHS SKELTON.

Amelia Skelton, aged 70 years, died Tuesday afternoon at 1:40 o'clock, at the residence on Elm street. Funeral services were held at the residence Wednesday afternoon at 3 o'clock, Rev. McKibben in charge.

The remains will be taken to Cincinnati Thursday morning on the 7:41 train for interment in Spring Grove cemetery.

## B. & O. BOX CARS ARE BROKEN OPEN

Several B. & O. box cars in a train which was left standing near the handle factory, were broken open Tuesday night, but so far as known nothing of value was taken except a box of washers, which was found in the stock pens.

The police were notified of the crime and are making an investigation.

In Social Circles

The Browning Club held a splendid meeting Tuesday evening with a large representation of these interested club women present.

The Art Department, Mrs. Ada Jones, chairman, presented a fine program. As a prelude to this Mrs. Elizabeth Carpenter gave a most interesting report of the meeting of the Federation of Clubs last week in Dayton. One of the finest addresses was by Edward Howard Griggs, on "The World War and Ethics."

Miss Gardner told of the banquet given in the Cash Register dining hall, where were seated one thousand and five women and three men.

Mr. Patterson, of the Cash Register Co., and Mr. Griggs being two of them. The toasts were fine, especially "The Rural Club" and the "Press Breakfast," as breezy and spicy as could be. Brevity and condensing were two leading points urged.

A feature of the Federation was the reports from musical clubs and accompanying luncheon.

Mrs. Nina Craig was given especial mention as having the finest report from these clubs.

The first number on the regular program of the evening was "Balanstians Adventures," the ancient story of the drama euripides.

Mrs. Maggie Hopkins most interesting paper on "Christ in Art," touched upon both the great artists who have devoted their highest talent to studies of the Christ and their masterpieces.

"The Last Supper," painted and exhibited by W. H. Leavitt in this city for several days, was spoken of in connection with Leonardo De Vinci's famous painting of "The Last Supper."

It was welcome news to learn that the Washington C. H. High school ranks second in the state in its works of art.

Before adjournment the club discussed warmly the need of cleaning up our town, especially its dirty streets, and hope that in the near future this work may be actively taken up.

Forty people were indebted to Mr. and Mrs. William Worthington Tuesday night for one of the most unique affairs ever pulled off in this vicinity, given at their farm, nine miles from town.

It was a "stump party" and deserved to rank as an event apart—a rollicking, novel affair for which adjectives are inadequate. If any of the favored guests ever had a better time they have forgotten it.

The guests motored out to the Worthington farm in time to see one of the most brilliant and picturesque scenes imaginable.

For several years Mr. Worthington has been having the stumps blown out of his farms and they were massed in a mammoth pile ten feet high and thirty feet in diameter, making such a bonfire as only those who saw it can appreciate. The flames leaped gloriously up to the heavens, a roaring, crackling blaze, and were encircled all around the field by a great circle of fire for which purpose stumps had been lighted.

Mr. Worthington had had baled straw placed around the fire for the accommodation of the guests, and while they watched the crackling flames and upward flying sparks, there was merriment galore, impromptu speeches and everything that contributes to a jolly good time.

The royal entertainers served in cafeteria style a most appetizing lunch of oyster soup, boiled frankfurters, pumpkin pie, coffee and toasted marshmallows.

It was the midnight hour before the party broke up.

Miss Anne MacGregor Payne, of Columbus, and Mrs. Harry M. Lewis, of Minneapolis, Minn., were out of town guests.

Mrs. John Davis gave a pretty and highly enjoyable birthday party for her eleven year old daughter, Thelma, Tuesday night.

It was a Hallowe'en party and the home presented a fantastic scene with witches, black cats, pumpkins and all the symbols of the witches' night.

There were games and contests, in which Harriett Robinett and Alice Gault won the prizes, and a general good time.

Mrs. Davis was assisted by Miss Minnie Willson in serving a tempting Hallowe'en lunch.

The young hostess received a number of pretty gifts.

The guests were Misses Helen Gibson, Helen Tracey, Marjorie Culbertson, Harriet Robinette, Alice Gault, Thelma Craig, Henry Harper, Russell Flee, William Roby, Carl Culbertson, Marion Miley, John and Arthur Willson.

Mrs. Eldora Stinson delightfully entertained a small party at a five o'clock dinner in the private dining room of the Sunrise Cafeteria, Tuesday evening.

Seated with the hostess were Mr. and Mrs. Noah Baughn and daughter Miss Goldie Mrs. Delbert Simms of Groveport, Mrs. Newman Jones, Zanesville.

One of the most anticipated of Hallowe'en affairs is the Christian Endeavor Social, which is being arranged by Miss Doris Willis and Miss Jocelyn Bowen and will be held in the basement of the First Presbyterian church Friday evening.

Mrs. Andra Henkle gave hospitable entertainment to the five hundred club Wednesday afternoon.

# GERMANS ARE DEALT HARD BLOW

French Recapture Douaumont and Other Positions.

ALSO TAKE 3,600 PRISONERS

Switch Their Offensive From the Somme to Verdun and Make Gains Through Terrific Onslaughts—Retreating Roumanians in Dobrudja Closely Pursued by the Teutons. More Than 6,700 Prisoners Taken.

London, Oct. 25.—Switching their offensive from the Somme region in France, possibly as a counter to the advance of the Teutonic allies in the Dobrudja region of Roumania, the French have smashed the German line north and northeast of Verdun over a front of four and one-third miles penetrating it along its entire length, in the center gaining a distance of nearly two miles.

Preceded by a violent bombardment, the offensive was delivered approximately from the eastern bank of the Meuse river, near Bras, eastward to the Damloup battery. When the attack ceased the village and fort of Douaumont, in the center, were in the hands of the French, while on their left wing the Frenchmen had pushed beyond Thiamont and captured the Haudromont quarry, and taken up positions along the Bras-Douaumont road. On their right wing considerable progress also has been made from Douaumont to Damloup. More than 3,600 prisoners and quantities of

war material were captured by the French.

In the Dobrudja region of Roumania, the Germans, Bulgarians and Turks are giving no rest to the Russians and Roumanians, who continue in retreat along the entire front from the Black sea to the Danube river, although at some points they are vigorously opposing the advance of the invaders.

Rachova, on the river, a short distance below Tchernavoda and Majidia, on the railway midway between Tchernavoda and Constanza, have fallen into the hands of the Teutonic allies. In the latter region cavalry is pursuing the retreating Russo-Roumanian forces, well to the north of the railway line. More than 6,700 prisoners have been taken by Field Marshal Von Mackensen.

Constantinople reports the operations of Turkish submarines in the Black sea off the Roumanian coast in the sinking of a 3,000 ton Roumanian transport and sailing supply ships bound for Constanza, with provisions.

Predeal, to the southward of Kronstadt on the Transylvanian front, has been captured by the Austro-Germans, according to Berlin, and the resistance of the Roumanians in the Rothenthurm pass, south of Hermannstadt, has been broken.

Bucharest announces that in an attack along the entire Oltuz region the Roumanians captured several hundred prisoners and ten guns.

On the Austro-Italian front the Austrians and Italians at various points, especially on the Asiago plateau in the Sugana valley, in the Plava sector of the middle Isonzo and on the Carso front are vigorously bombarding opposing positions.

The Serbs in the Cerna region of the Macedonia front have put down a German-Bulgar attack and themselves delivered a thrust which was rewarded by the capture of several trenches. In the Dolran sector the British also captured a Teutonic allied trench.

Four British and four Norwegian steamers have been sunk by submarines or mines. The tonnage of the British steamers sunk aggregates 12,291.

## CUT POLITICS

San Antonio, Tex., Oct. 25.—An official war department order warning all army officers to keep their hands off politics was received at Fort Sam Houston. The order was signed by Secretary of War Baker. It is said to be the first time in history that such an order has been extended to include the army.

# CARRANZA HOLD IS SLIPPING

Report Says First Chief Is About to Leave Mexico.

HIS WIFE CROSSES BORDER

She Is Accompanied by the Wife of General Obregon, Carranza's War Minister and Chief Supporter—Decision of Head of De Facto Government to Quit the Mexican Capital Gives Rise to Rumors.

Washington, Oct. 25.—Predictions that General Carranza is preparing to leave Mexico are being freely made by his opponents in Mexico City. These predictions are based on the first chief's decision to leave his capital for Queretaro and the fact that Mrs. Carranza already has crossed the border into the United States, accompanied by the wife of her husband's war minister and chief supporter, General Obregon.

Information to this effect is reaching officials here from various reliable sources. So far nothing tangible tending to support the story has come through official channels. It is known, however, that many officials here believe General Carranza has committed a political blunder at least if he is not in fact preparing for flight by permitting his family to leave Mexico just at this time. The trip, they say, was certain to be construed by his enemies as a confession of weakness.

The purpose of the visit of Mrs. Carranza and Mrs. Obregon, as ex-

plained at the Mexican embassy, is for a tour of the United States. Word of the arrival at the border also of Mrs. Jacinto Trevino, wife of the military commander of Chihuahua state, has not been received here. It was pointed out, however, that Trevino has been among Carranza's staunchest supporters and that if the first chief believed his hold on the political situation was weakening, Trevino very probably would be warned in order that he might also place his family in safety.

Persistent rumors that Carranza was about to leave Mexico have been in circulation along the border for some time. Many war department officials have privately expressed their conviction that the de facto government, or at least General Carranza's personal control of the political situation, was growing steadily weaker. They have anticipated that the time might come soon when he would be forced to leave Mexico.

## SUFFERS SPRAINED ANKLE

Ottawa, Ont., Oct. 25.—A message from Vilhjalmur Stefansson, the Arctic explorer, stating that all of his party are well except himself was received by the naval service department. Stefansson himself, the message said, is suffering from a sprained ankle. The message is dated "Cape Murray, May 5, 1916."

Cape Murray is unknown here, but it is believed to be a promontory of the new land which Stefansson discovered and which he named after one of the dead scientists. The message was brought to San Francisco by the American whaling schooner Herman. The schooner also brought letters and dispatches which are being forwarded to Ottawa. The party, Stefansson's message said, was living at the time on game at Cape Murray, but a special party has been sent to Kerret for fish.

## WILL STICK

Washington, Oct. 25.—The British embassy took the first step toward officially informing the American government that the British blacklist of American business firms will not be abandoned. The embassy informed the state department that the Petroleum Products company of San Francisco had been removed from the list, however, but no further information has been given. The full text of the British blacklist reply is expected to be delivered to the state department this week.

## THAT'S THE TRUTH

(By American Press)

Chicago, Oct. 25.—Hope that the government might declare an embargo on grain as a means of restoring bread to the prices that prevailed before the war were dissipated by David Houston, secretary of agriculture. Secretary Houston was here to attend a gathering of grain men from all over the country, at which the new federal standards and grain inspection law was discussed. "Congress never would pass a law providing an embargo on grain," he said. "Neither would President Wilson sign it, in my belief. Such a law would raise a cry of 'unfairness' at once and result in charges of discrimination. To take such a step against any one food commodity would be too drastic."

## CARRANZA DEFEATED

(By American Press)

San Antonio, Tex., Oct. 25.—Decisive defeat of the Carranza forces under General Ozuma by Villistas is confirmed in a report from General Pershing received by General Funston through General Bell at El Paso. General Pershing says the report that Ozuma was slain is not officially confirmed. He added that Villa is virtually master of the situation in Chihuahua. The report has been transmitted to the war department.

ed a total of \$387,163.96 in campaign contributions up to the close of business Saturday, October 21, and that this sum had been expended in the Western Department, which includes territory between the west line of Ohio and the Pacific coast.

Eight years ago a total of \$548,000 was collected and expended in the Republican campaign in this territory.

## MUST CUT CROSSINGS OR SUFFER ARREST

Many complaints have been made recently because B. & O. train crews have failed to cut the crossings at Pearl and Delaware streets, and Mayor Oster has decided to arrest the first man who is found violating the law requiring that street crossings not be blocked.

The action of the B. & O. freight crews has been so common recently, and the crossings have been held so long that the practice is to be stopped even if a special officer is necessary to watch the crossings for the offenders.

## LEESBURG PIKE WILL BE OPEN TOMORROW

The new macadam roadway constructed by Mark & VanGundy on the Leesburg pike, was completed Wednesday and the road will be opened to traffic Thursday, so that no further interruption in the traffic over that thoroughfare will occur for a long time.

There are some two miles of the new road, which is equal to any constructed in this part of Ohio, it is believed, and will be a joy not only to motorists in general, but to the farmers who reach the city over that road.

The newly constructed road, built under the state aid plan, will last for a great many years, and will be maintained by the State.

## RECEPTION TONIGHT FOR NEW PASTOR

A public reception will be given tonight at 7:30 at Grace M. E. church, for the new pastor, Rev. Arthur P. Cherrington, and his mother, and all members of the congregation and the public generally are invited.

The reception opens at 7:30 o'clock and will afford everyone an opportunity to meet the new pastor and his mother. Refreshments will be served. A special musical program has been arranged.

## RUMORS THAT TROOPS WILL SOON COME HOME

Persistent rumors are afloat that within the next few days orders will be issued for the return of Ohio troops from the Mexican border, and the troops themselves feel confident that they will get the order within a short time.

So far as known all members of Company M are in good health and really enjoying life on the border, although some of them get homesick occasionally.

## RETIREMENT ANNOUNCED

Mr. A. T. Baldwin, pharmacist, hereby announcing his retirement from the drug business, wishes to thank the community and his many friends for their past patronage and recommends to them his successor, Mr. C. D. Haver, for future patronage.

## OHIO NEWS

(By American Press)

#### Alleged Worthless Checks.

Wapakoneta, O., Oct. 25.—Joseph Kellermann was bound over to the grand jury, charged with passing worthless checks in this city. He borrowed money on his checks from several residents of this city, including Mayor F. A. Klipfel.

#### Searching For Stolen Gems.

Cleveland, Oct. 25.—Detectives are searching for jewels valued at \$25,000, stolen a week ago from the home of C. L. Bradley. Reports of the robbery have been kept secret. The burglary was not discovered until twenty-four hours after it had taken place.

#### Hangs Self In Shed.

Fremont, O., Oct. 25.—Charles Ohms, sixty, Riley township farmer, committed suicide by hanging himself in a shed. His wife sued for divorce, charging drunkenness, after the husband had sworn out an insanity warrant against his wife, which the probate court dismissed.

#### Near Tragedy.

Wapakoneta, O., Oct. 25.—The timely arrival of Sheriff Shockey frustrated an attempt on the part of Mrs. George Market to kill her husband and three small children at her home near here. Nervous on account of overwork, she threatened the four with a loaded revolver.

#### Cracksmen Foiled.

Wooster, O., Oct. 25.—After blowing off three doors of the safe of Holmesville bank at Holmesville, Holmes county, burglars were scared away. The noise of the last explosion aroused the village. A fourth door of the vault prevented them from reaching the \$4,000 it contained.

#### Sleuths Save Farmer's Roll.

Cincinnati, Oct. 25.—Federal officers and city detectives who made an arrest at the Pennsylvania depot allege that an attempt to swindle George Palmer, farmer of Millersburg, out of \$5,000 by a "wire tapping" trick was frustrated. The man is held on suspicion pending further investigation of the case. Palmer, in fear of his life, came to Cincinnati.

Because of the coal shortage, railway service in Italy will be curtailed. Mrs. Pearl Jones, who in her younger days, as Katie La Pearl, was a sensational bareback rider in the leading circuses, was struck and killed by a streetcar at Indianapolis.

Between \$80,000 and \$100,000 of jewelry was the booty carried away by burglars who broke into the palatial summer home of Frank Gray Griswold, society man, at Roslyn, L. I.

Hugo Warner, advertising agent; Miss Jennie Klausner, and Mrs. Lillian Klausner and Sylvan Kusel, social settlement workers, were drowned when their auto went through an open drawbridge at Chicago.

## DECLARES HE WILL STEAL THE COOK

Samuel Greenwalt, who applied to the county commissioners for permission to wed Mattie Greenwalt, inmate and cook at the county infirmary, has been lingering about the court house since his application, and declares that if no permission is granted he will "steal the woman and marry her anyhow."

Greenwalt declares he has a house rented so that he may go to housekeeping as soon as married.

## THE STARR Phonograph

Settles the Record question. Choose your Records whenever—wherever you will, so long as they are discs, the changeable tone, arm and stylus of the STARR will play them; and more than that, will reveal the hidden beauty of tone, which can be brought out only by the STARR.

If you are satisfied now with a phonograph that is purposely restricted to but one type of record, you must be satisfied in future years to select your Records from an infinitely small proportion of all music recorded. We cordially invite you to come in and hear how the various makes of Records sound on the STARR PHONOGRAPH.
